

# DECARBONIZING AVIATION

## WHAT WE'VE DONE

## 25 Airports

Teamed up with 25 airports for H2 infrastructure development

## \$8B Projects

Introduced aviation to \$8B Federal H2Hubs Project

## 6000 People

Educated over 6,000 people through our newsletter.

# WHAT WE'VE DONE

## 300 Hours

Over 300 hours of free educational videos via monthly webinars

## Largest Event

Host largest Hydrogen aviation event annually

## 10,000 Reached

Spread hydrogen awareness to 10,000 people via podcasts, conferences, and courses

# WHERE WE'RE GOING

# HELP US GET THERE

Your donation helps us achieve our goals. We are raising \$250k and everything helps. Donate now. Scan the QR code below.

# WHAT IS HYSKY?

HYSKY Society is a 501(c)(3) non-profit based in Houston, TX dedicated to decarbonizing aviation with hydrogen.

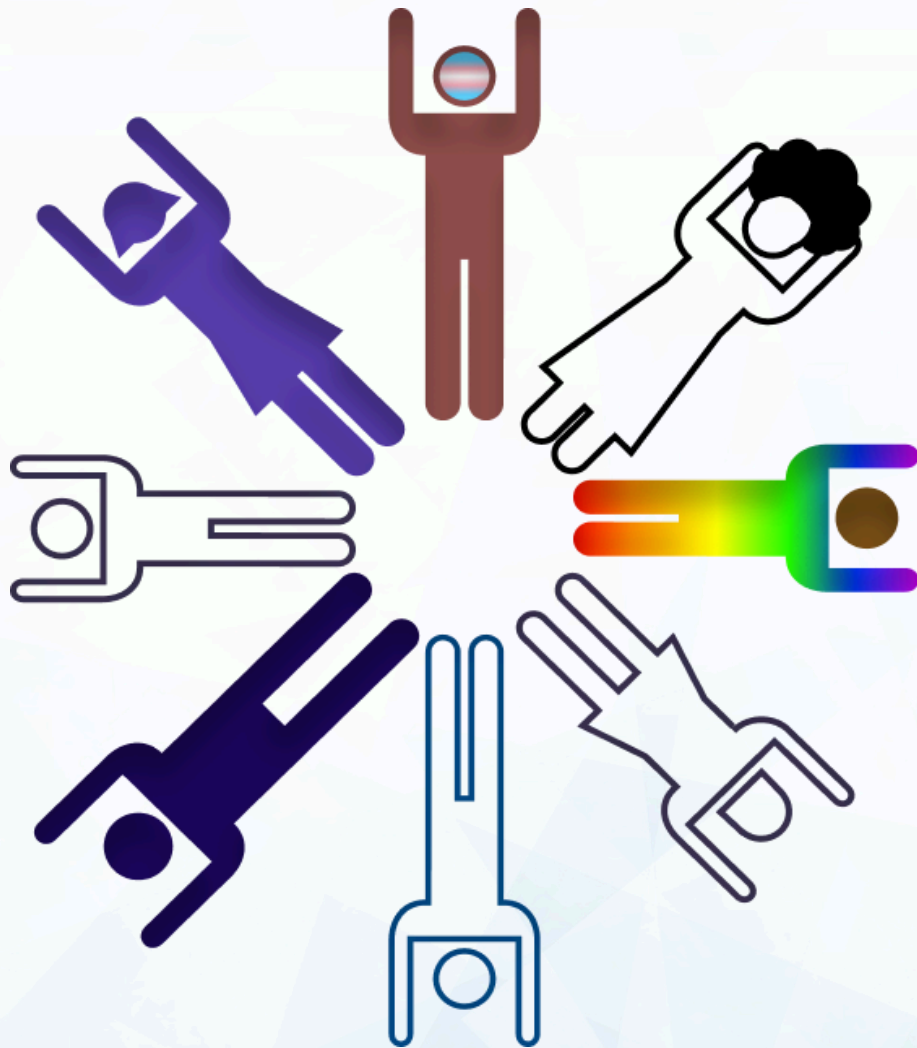

# WHY IT MATTERS

Aviation currently uses fossil fuels that harm the environment. We are transitioning aviation to clean hydrogen, which has zero emissions. This will help fight climate change, improve air quality, and ensure a healthy planet for future generations.

# VALUES

People and Planet. Both.  
All of the time. Diversity is  
built into our DNA

# OUR BOARD

Shola Oyewole  
VP, United Therapeutics

Jennifer Macalaguin  
VP, Navistar

## FOUNDER & CEO

“At HYSKY Society, we are pioneering the future of aviation through the power of hydrogen. Our mission is to create a cleaner, more sustainable world for generations to come. With your support, we can accelerate the development of hydrogen-powered aircraft, reduce carbon emissions, and revolutionize the aviation industry. Join us in making the skies a beacon of innovation and sustainability. Together, we can soar higher and create a brighter future.”
